24-Hour Nurse Advice Line

1-877-252-4866

Emergencies

Veterans requiring emergency care are asked to contact their nearest Emergency Department or call **911**.

Payment for services rendered depends on the eligibility of the Veteran and are not guaranteed.

Exclusion

Congress has determined that VA cannot provide abortions or in vitro fertilization (IVF)

Eligibility

In general, all Veterans who received an honorable or general discharge from the military are eligible for health care, with a few exceptions.

Veterans seeking to enroll must provide their DD-214 and complete a 1010-EZ application, which includes information on income, dependents and insurance. For additional information regarding enrollment, contact the Eligibility Office during normal business hours at:

6900 N. Pecos Rd.
North Las Vegas, NV 89086

WOMEN VETERANS Health Care Program

(702) 791- 9176

Women's Health Center
VA Southern Nevada Healthcare System

Women's Health Services

The Women's Health Center (WHC) provides a comprehensive model of care. Veterans can receive primary care, gender-specific care, mental health, & social work services in one location. The WHC offers a comfortable, safe & private environment.

In addition, each Primary Care Clinic location has at least one designated Women's Health Provider who offers primary care as well as routine gender specific care.

WH Services include but are not limited to:

- Treatment for acute and chronic diseases
- Breast and cervical cancer screenings
- Contraception
- Hormone replacement therapy
- Treatment of vaginitis and sexually transmitted infections
- Menstrual problems
- Menopause
- Urinary incontinence
- Sexuality

PACT Model of Care

PACT teamlets are made up of a primary care provider, nursing staff, mental health provider, social worker and medical support assistant. Each Veteran is assigned to a PACT.

Women's Health Center Team Leader

The Women's Health Center Team Leader manages and oversees the WHC and the PACT teams. The Team Leader works closely with the Women Veterans Program Manager to ensure that all health care needs of women Veterans are met.

Women Veterans Program Manager

(702) 791-9000 x19451

A Women Veteran Program Manager is assigned to the VA Southern Nevada Healthcare System. She is available to assist women Veterans in accessing resources within the healthcare system. The program manager is also available to answer questions about benefits and eligibility.

Breast Imaging

Prior to scheduling an appointment for a breast imaging study, an order from a Primary Care Provider (PCP) is required. Screening and diagnostic digital Mammograms and other breast imaging studies are provided in the VA Radiology Department or through community referral. To schedule a screening mammogram, please contact Radiology at **(702) 791-9080**.

Gynecology Services

The WH Center provides availability to a gynecologist. In most cases, an initial evaluation with a Primary Care Provider is needed prior to consulting with the gynecologist.

Obstetrical Services

OB services are provided through contracted providers in the private sector. Newborn care may be included for the first seven days after the delivery.

Counseling Services

The WH Center is staffed by a full time Licensed Clinical Social worker who is available for appointments. In addition, the Military Sexual Trauma (MST) Coordinator is specially trained and is available both in the Mental Health department as well as the WH Center. Appointments can be made by calling the **WHC at (702) 791-9176**, or **Mental Health at (702) 791-9024**.

Vet Centers provide readjustment counseling and outreach services to Veterans who served in a combat zone. Services are provided in a comfortable, private, informal atmosphere and are also available for family members who may be having military related issues. For more information, contact the Vet Center:
